

VINYL LINER – FIBERGLASS – GUNITE

COMPARISON CHART

Seasonal World builds 4 different types of inground pools. Let's face it - no other pool builder in NJ or PA can say that or do this. So we have composed a Comparison Chart on some of the most desired features that prospective Pool Buyers want to see in their inground pool. Because of the fact that Seasonal World builds 4 different pool types, we don't have a preference. You will decide what is right for you, your family and your needs. We just help to educate you. Trust us - there is one that is perfect for you! No one knows this better than someone who builds 4 different types.

To help you understand the scale that is used in the Comparison Chart, one circle is the lowest or least rating and four circles is the highest or most rating.
